

This is why recruiters should secure funding to help contractors get paid faster

Contract working continues to grow across the UK, but employers often struggle to pay contractors on time. What does the data tell us, and where's the opportunity for recruiters? Read the stats:

The contractor economy continues to grow

43% of businesses admit to paying contractors late
Up from 28% last year

37% of businesses lost contractors ... due to **payment delays**.

38% of businesses ... take over **90** days to pay.

45% of entrepreneurs ... say it's taking them longer to pay **than it used to**.

63% of businesses mention **late-paying clients** ... as the reason for their **inability to pay contractors on time**.
